

Welcome to The Brow & Skin Studio

As a specialised business with extensive skills and experience in the beauty profession, we are proud to celebrate more than a decade of delivering services that result in great, healthy skin and perfectly shaped brows. When it comes to beauty treatments, we know there is no one-size-fits-all approach. And that's why our treatments will be as individual as you are. At The Brow & Skin Studio, we have a very strong philosophy: the treatments and products we use must show visible results. If they don't pass our approval, we won't use them – it's that simple.

Cosmeceutical Skincare & Devices

Omnilux™ was originally developed for the medical field to treat non-melanoma skin lesions. It soon became evident that **Omnilux™** could treat many skin conditions. A must for skin health, used by 3300 dermatologists and cosmetic surgeons worldwide.

Healite II™ the true science of LED light therapy, this non-ablative skin treatment system uses light delivered through light emitting diodes to deliver pure light in precise wavelengths for the treatment of acne, superficial skin lesions, pain relief and skin rejuvenation without trauma.

Observe 520 is our diagnostic imaging device which visualises your total skin condition including the underlying "invisible layers", skin structures and patterns. Advanced skin analysis using the **Observe 520** allows us to thoroughly customise a bespoke programme tailored specifically to your skin and concerns. **"IT'S NOT WHAT LIES BENEATH, BUT WHAT LIES AHEAD!"**

DNAEGF Renewal is the result of Dr. Moy, renowned scientist, researcher, cosmetic surgeon and dermatologist. This cosmeceutical range works on repairing & prevention through DNA enzymes. **"REPAIR THE PAST, PROTECT THE FUTURE"**

Medik8 - World leaders in **Retinol** and known as the "green cosmeceutical" which maximises powerful results without irritation. Effective ingredients making a difference at a cellular level for your best result.

Priori The Anti-Aging Authority is the most innovative source of anti-ageing science & proprietary patented technologies. Experience a whole new level of skin rejuvenation beyond traditional cosmeceuticals.

Advanced Skin Analysis \$60

Using the **Observe 520 Skin Diagnostic device** we are able to have an in-depth look into what is really happening with your skin, customise treatments and products for optimum results.

Complimentary with 1 hr Skin Treatment.

Light Therapy - Our No. 1 Treatment

Without question, **Omnilux™** and **Healite II™** are the leaders in Light Therapy. These treatments repair tired and damaged cells, stimulating collagen and elastin to create plumper, smoother, healthy skin – delivering the gorgeous “glow factor”.

Omnilux™ was originally developed for the medical field to treat non-melanoma skin lesions. It soon became evident that **Omnilux™** could treat a variety of skin conditions. It is used extensively by 3300 dermatologists and plastic surgeons worldwide.

Healite II™ is a fantastic addition to all beauty treatments, especially for pre and post skin-related surgical procedures. It reduces the healing period and promotes skin health.

Specialised Skin Treatments (cont'd)

LED Light Therapy \$110

Cleanse and LED Light Therapy, followed by customised products specific to concerns

Enzyme Treatment \$130

Packed full of antioxidants, a calming, strengthening hydrating treatment for tired, irritated and dull skin
