

# PRIORI®

SKIN DECODED

## *ADAPTIVE* SKINCARE

Every one of us is different – with different skin on a cellular level. That's why our new generation of Priori Skincare products are carefully formulated using the latest biotechnology to recognise your individuality. Priori products provide your skin with exactly what it needs, exactly when you need it.

Priori's Adaptive Skincare is a solution that understands the intricate communication system of your skin.

All Priori products are formulated to read your skin and decode its very specific needs for replenishment, hydration, protection and recovery. By using these remarkable advancements in biotechnology, our formulas respond and deliver results for you and your most ideal skin.
